**“For nearly 50 years,
Sunburst Shutters &
Window Fashions has
been your go-to
partner.”**

For developers, architects, designers, and general contractors seeking top-quality, custom window treatments, Sunburst Shutters has always delivered. Our products enhance the ambiance of your building and are built to last. Sunburst knows that every project puts your reputation on the line—and our professionals will ensure your success! Our commercial window treatments combine low maintenance with high design appeal. Partner with Sunburst to create spaces that are comfortable and stylish, making a lasting impression on your clients for years to come.

Commercial Expertise

Sunburst's commercial division specializes in custom window treatments for a wide variety of businesses, including:

- Office Space
- Hospitality/Casino
- Multi-Family
- Medical Facilities
- Education
- Industrial Sites
- And more

Our full-time, professional design and installation teams are equipped to handle large jobs anywhere you need. We can expedite manufacturing to meet tight deadlines. We can bring in large teams to install overnight. We ensure that every job is done right with the perfect fit, because the last thing your client needs to worry about is their window treatments.

Inspiring Products:

- **Motorized Shades:** Sunburst offers premium-quality shades in many colors, textures and patterns. Our control methods include remotes, wall switches, PoE, and integration with all 3rd party AV controls.
- **Non-Motorized Shades:** from roller to cell shades, sheer to transitional, and everything in between.
- **Draperies:** commercial grade draperies in an array of colors and patterns with both motorized and manual controls.
- **Blinds:** from wood to faux wood to aluminum, we have a complete line of premium blinds.
- **Shutters:** Sunburst has the world's best plantation shutters—Polywood. It's best at energy efficiency, light control, noise reduction, and privacy, making it perfect for any building.
- **US-Made Products:** We take pride in offering most products made in the USA.
